COAL LANDS WORTH BILLIONS IN ALASKA FOUND IN DANGER

BALLINGER GIVES PATENT RIGHTS

Vast Coal Deposits Rivaling Those in Pennsylvania Are Now in Dispute
REVERSE GARFIELD'S POLICY
President Taft Is Appealed to and Fight Is On to Save Public Domain

BEVERLY, Mass., Aug. 24.—For the second time Attorney General in Alaska land case which has been a bill was put through congress a slumbering volcano to the United States interior department for two years.

The matter involves coal lands in Alaska valued at many millions of dollars and which is nearly as extensive as the coal deposits in Pennsylvania.

There are now seven claims involved. It seems that more than two years ago claims were filed on coal lands on the Alaskan coast near the Chugach forest reserve where tremendous deposits of coal had been located.

James R. Garfield was at that time secretary of the interior. There had been legislation by congress to prevent large tracts of coal lands from falling into the hands of single holders. That is, to prevent possible formation of a monopoly.

A bill was put through congress allowing four coal claims to be worked together but in case more than four claims were consolidated the title to the claims would fail. Some of the first Alaskan claims were opened by Clarence Cunningham of Walla Walla, Wash., and some were held for United States senators.

Charged Fraudulent Claims
I. R. Glavis, chief of the field division of the general land office, in charge of the district which includes Alaska, investigated these claims and filed with the land office at Washington evidence which he had secured and which he maintained showed that the names of dock hands and others had been used in filing these claims and that they were fraudulent.

Richard A. Ballinger was commissioner of the land office when the evidence was filed. Secretary Garfield's attention was attracted to the case and he began to take steps to cancel the claims.

Ballinger Urges Issuing of Patents
Ballinger resigned from the land office and became attorney for Cunningham. As attorney he urged that patents be issued for the land. A brief was filed in the interior department urging Garfield to issue the patents. Garfield refused. Soon after Ballinger became secretary of the interior succeeding Garfield. He directed that the charges against the Cunningham claims (thirty-five of them in all) were insufficient and directed that the claims be clear listed for patents.

Glavis protested against this decision and his protest being unavailing, he went to Washington to urge his proof of fraud. Arriving at Washington, he found that the claims had been sent back to be patented without hearing.

Glavis then secured the submission of all the papers in the case to Attorney General Wickersham and Wickersham ruled that at least a hearing must be held and Glavis returned to Seattle to there prepare his case for an immediate hearing. An order was given to Glavis by the land office to the effect that the hearing would not be held at Juneau but that "under special arrangement with the claimants, the commissioner of the general land office would make the decision on the basis of the evidence taken by a special representative."

Glavis Warned to Cease Activity
Glavis protested against this and received a letter from the land office intimating that his activity was undesirable and that for his own case he had better cease. He continued to protest and although he felt he knew more about these cases than anyone else they were taken from him and given to Special Agent Sheridan of Denver, a man who had only one year's experience and was unfamiliar with the case. Sheridan was directed to expedite the case.

Glavis made a final protest against the hearing being held before

JAMES RUDOLPH GARFIELD, Former Secretary of the Interior, who Opposed Richard A. Ballinger Deal.

HERMAN L. EKERN RESIGNS STATE JOB

MADISON, Wis., Aug. 24.—Herman L. Eker, deputy commissioner of insurance, tendered his resignation to insurance Commissioner Beedle yesterday and left for his home at Whitehall. Professional private business it is said, caused him to resign.

Mr. Eker has been deputy commissioner since last January, when he succeeded Mark Waite.

He was formerly a speaker of the assembly and gained his knowledge of insurance through acting as secretary to the insurance investigating committee a few years ago. He was defeated for re-election to the assembly by A. T. Twesme.

Commissioner Beedle said that there was a possibility that Mr. Eker will return to the department in October or November and that in the hope that he would do so no appointment to fill the vacancy will be made for the present. The salary of the office is \$1,800.

MR. LANGE IS AFTER THE SOUTHEASTERN

Alderman C. F. Lange has begun war on the La Crosse & Southeastern. It started this way, according to the alderman: Recently he boarded the train at Twelfth street, paying 25 cents for his fare to Leide's park, and asking the conductor for a return ticket, which he claimed he was entitled to under the tariff, the ride being three miles each way. The conductor declined to give him the return check. On the return trip, Peter Valler collected the fares, and took 25 cents more from the alderman. The latter protested that it was an illegal penalty charged because he had not bought a ticket.

Mr. Lange says he will take the matter before the state railway commission, and see whether a charge of 50 cents for six miles, or a rate of 8 1-3 cents a mile is legal in Wisconsin. He has consulted a lawyer, and says he has been advised it is not, although the law permits a charge in excess of the legal rate for short hauls.

SETS NO DATE FOR POLICE INQUIRY

No definite date has as yet been set for the investigation of the local police department, which was ordered by the common council at its last meeting. Alderman George Marvin who is chairman of the police committee, stated this morning that he expected to have the inquiry over with by the next meeting of the council. In his opinion the police department has paid for all the checks that it received from the street car company and he stated that he intends to give the department a fair and square deal. The committee will have a full report to make at the next meeting of the council according to the statements of the chairman.

COLLISION AT SEA 300 LIVES LOST

Excursion Steamer Hits German Vessel; Goes to Bottom With Nearly 300 Passengers

COLOMBIA SINKS VESSEL

Hundreds of Excursionists Enjoying a Happy Outing; Most of Them Find a Watery Grave

BUENOS AYRES, Aug. 24.—Between 200 and 300 excursionists on board a German vessel are believed to have lost their lives today when the vessel was run down at the entrance to the harbor of Montevideo by another excursion steamer, the Colombia, and sunk. A great feat is in progress in Montevideo, and excursionists from all along the coast are going there on ships.

The Colombia, heavily laden, left Buenos Ayres for Montevideo and at the entrance of the harbor she sighted the German vessel, also bearing hundreds of excursionists to the feat. It is said that the captains of the two vessels misunderstood each other's signals with the result that the Colombia crashed into the other vessel and stove a hole in her side.

The German vessel began to fill so rapidly that, in the panic that ensued, efforts to launch life boats failed. It is declared that great confusion reigned on board, and by the time the Colombia's crew had allayed the fears of their own passengers, and launched life boats, the German vessel had gone to the bottom with almost all on board.

Among the few that have been saved is the captain of the German vessel. Reports from Montevideo declare that as soon as he was taken on board the Colombia he made an effort to end his life. Later reports declare that in the panic some of the passengers from the Colombia leaped overboard and were drowned.

Vessels are now reported cruising about the scene of the wreck in the hope that some of the passengers managed to get life preservers, but there is little prospect that any of them will be saved.

Many of the dead are women and children. It is impossible to figure the exact number as the passengers were excursionists whose names do not appear on the vessel's register.

CHICAGO STREET CAR ISSUES IN DEADLOCK

CHICAGO, Aug. 24.—No nearer peace than they were three days ago, the representatives of the street railway employees' union and presidents, Mitten and Roach, of the two surface lines, today resumed negotiations looking to a settlement of the threatened strike trouble.

The present status of the situation is that both sides are deadlocked, the union refusing to accept offers so far made, and the traction representatives declaring they cannot concede more.

The only optimistic participant in the negotiations today appeared to be the city's representative, Attorney Walter Fisher, who expressed confidence that peace would soon be assured. Meanwhile members of the Illinois board of arbitration are in the city ready to act should their services be called for.

HARRIMAN ARRIVES AT NEW YORK

NEW YORK, Aug. 24.—Edward H. Harriman, a board the Kaiser Wilhelm II, is expected to reach quarantine about 1:30 p. m. today. The Southern Pacific harbor tug El Toro will go down the bay to meet the steamer at quarantine. Carl Jungen, general manager of the marine department of the Southern Pacific; ex-Judge R. S. Lovett, Mr. and Mrs. Robert J. Gary, Jr., daughter and son-in-law of Harriman; J. L. Townsend, Robert Goelert, reported engaged to Miss Mary Harriman, and Charles C. Tegelhoff, Harriman's private secretary, will be on the El Toro. Carl Jungen says it is planned to take Harriman off at quarantine if he so desires.

A wireless message from Harriman to ex-Judge Lovett sent during the night said: "Am in good condition."

MISS BESSIE HODGE TO BE WEDDED SOON

Announcement is made of the approaching marriage of Mr. Edward C. Van Wie of Grand Rapids, Wis., to Miss Bessie Hodge of this city, which will occur in La Crosse September 6.

Miss Hodge is a popular young society lady of the city, a daughter of George R. Hodge, Mr. Van Wie is a druggist at Grand Rapids.

CONTENDING FOR THE PRESIDENCY OF MEXICO

At left, Ramon Corral, favored by President Diaz and General Reyes, popular with the army.

MEXICO CITY, Mexico, Aug. 24.—Ramon Corral, in whose favor President Porfirio Diaz of Mexico will resign if Corral is elected vice president in the coming election, according to dispatches, has been looked upon as the heir apparent to the presidency since he was first elected vice president, upon the creation of the office in 1904. He was a journalist in early life and has been in politics since he engaged in the revolution of 1875, which made Diaz president.

SHICK SAYS TAX IS CONFISCATORY

Charged \$300 for Improvements on a Lot He Would Have Sold Last Year for \$100

"Confiscation by taxation" is what Architect Hugo Schick calls the action of the council in paving Clinton street on the North side against his protest.

Mr. Schick is the owner of a lot at the corner of George and Clinton streets on the North side. This was paved some time ago after a macharged up against the property holders along the street had petitioned for pavement.

Mr. Schick and a minority of the owners of lots protested, but their protest was referred by the board of public works to the council and ignored by that body. The pavement has now been laid, and the cost charged up against the property holders whose lots about the newly paved street.

Before the paving was put in Mr. Schick was willing to sell his lot for \$100. He was unable to find a buyer. Since that time he has laid a sidewalk costing \$40 and the pavement cost, about \$200, has been charged against his taxes. He declared today that the city can have his lot, but that he never will pay nearly \$300 to keep a lot which he says is worth only about \$100.

TO HEAR HACKNER CASE SEPT. 16TH

Whether Egid Hackner, proprietor of the Hackner Altar Works, Thirteenth and Ferry streets, will be permitted to use a part of Eighteenth street, as far as Ferry street for a spur track to his proposed new factory, or whether he will be required to look elsewhere for a factory site, will be determined by the state railway commission at its meeting which has been called for September 16th.

Attorneys J. E. Higbee, Frank Winters and Cameron L. Baldwin, attorneys for property owners residing in the vicinity of the proposed factory site, will appear before the commission to place before it the contentions of the residents.

It is maintained by the property owners on Eighteenth street that the proposed spur track will deprive them of a part of their street that the district is strictly a residence district and that a factory there will injure the abutting property that at present there are only two trains daily over the G. B. & W. road and that a switch-engine would be a nuisance in bumping cars around at all times of the day.

Attorneys Mahoney and Shubert appear for Hackner.

OWEN DENIES THE MILWAUKEE YARN

Maiden Rock Senator Made None of the Assertions Credited to Him as to Tom Morris

"So far as I know, I did not meet a McGovern man during my trip to Milwaukee. I never made the assertions credited to me by the Daily News, nor did I talk with or in the presence of a Daily News reporter."

In this vigorous language Senator Walter Owen, of Maiden Rock, denied over long distance telephone the truth of a story which appeared in the Milwaukee Daily News to the effect that he had endeavored to secure from Francis E. McGovern an understanding that the latter would not compete with Senator Morris for the republican gubernatorial nomination. The News' story says that, without reserve, Mr. Owen took to the open for Morris. It says in part:

"Two announcements of importance were made by Mr. Owen in his conference with the La Follette men. They were:

"1. That Senator Thomas Morris of La Crosse was, no matter what happened, to make the run for the republican nomination for governor and that this public announcement of his candidacy would soon be made.

"2. That Mr. Morris would have the support of the La Follette organization in his candidacy."

Sensor Owen was in Milwaukee on the day the story appeared, and from the News' story emanated other similar stories printed about the state as facts.

TAGGART AND GAS COMPANY AT WAR

Replevin Action Today Begins Test Suit to Settle Matter of Penalties for Overdue Bills

HAD A STRENUOUS CAMPAIGN

Two Months' Duel Between Co. and Grocers' Secretary Results in Discomfiture of the Former

In a suit involving 38 cents and a lot of indignation the right of the La Crosse Gas & Electric company to charge a penalty of 10 per cent for failure of its customers to pay monthly bills on or before the 10 of each month will go to the supreme court. Harry Taggart, secretary of the Merchants' Protective association and of the Retail Grocers' association, the defendant in a replevin action begun by the company today, has set his jaw and dedicated his bank account to the battle, and declares that he will not quit the fight until the highest tribunal in the state has decided "whether private citizens must be held up by a public monopoly." Mr. Taggart says he owes the company, including 10 cents interest, \$4.95, and the company wants \$5.33.

The filing of action against Taggart today is the climax to a strenuous two months during which the Taggart home has been in a state of siege. Men after the meter, men cutting the wires, men attempting to dig ditches and shut off the gas service pipe! And to all of them the emboldened Taggart has taught the old lesson that "discretion is the better part of valor."

Taggart's Story.
As related by Mr. Taggart to his attorneys, Wolfe and Wolfe, the facts leading up to the suit are as follows:

Having mislaid his June light bill, Mr. Taggart let it run past the delinquent limit July 10. About the 17th he was called upon by a collector, to whom he said the matter had slipped his mind, adding a request that a new bill be rendered. Shortly thereafter the collector returned with a new bill, to which had been added the customary 10 per cent penalty. Mr. Taggart declined to pay this, saying to the man that under the circumstances the demand was unjust, as the company could see, and that he was ready to pay the face of the bill, which was \$4.85. The company's representative would not take the money, saying that if the bill and penalty were not both paid Mr. Taggart's meters would be taken out. Mr. Taggart then told the agent to report to the company the full circumstances, and say he was ready to pay the original bill.

The Row Begins.
When Taggart went home to lunch an hour later he found a man there preparing to take out his meter. He promptly "declared himself," ordered the man off the premises, and the war was on.

Mr. Taggart then concluded that, as his mislaying of the bill had deprived the gas company of the use of its money for a few days, it might be entitled to legal interest thereon, and so he called upon President D. G. McMillan and offered him the face of the bill plus 10 cents, which was considerable in excess of 6 per cent. Mr. McMillan declined to take the money, saying that the 10 per cent penalty is authorized by the state railroad commission, that it is charged against all delinquents alike and that it would be an illegal discrimination for the company to accept less from him (Taggart) than it demanded of other patrons.

Later two other men were sent out by the company to reconnoiter, and thereafter the service wire was cut outside the Lynch property. However, the meters were not replevined, and Mr. Taggart continued using the gas, receiving and paying his bill for it for July.

Try to Cut Pipes.
But the company would not give up its contention, and after a truce of a fortnight they sent out two men to cut the service pipe which conveyed gas to the Taggart place. This created a complication, as another house occupied by George Olson is also on the Lynch lot for which Taggart is agent. The service pipe first enters Taggart's home, going through it to Olson's house, both being served by the single line, and the meter is in Taggart's cellar.

So, in order to cut off Taggart without cutting off Olson, the gas company must lay a new service pipe direct to the Olson house, before it could cut off the Taggart supply, and as agent of the property Taggart was prepared to prevent this.

Taggart Clears for Action.
Two employees entered the premises and started to dig, but were made to leave by Mr. Taggart, and later two more arrived, this time

HORTICULTURAL SESSION IN CITY

State Organization Holds Annual Meeting at Court House Tomorrow

ADVANCE GUARD IS HERE

See'y Cranefield and Mr. Bingham Urge the People to Attend Sessions

The state convention of the Wisconsin State Horticultural society will meet in the circuit court room of the county court house tomorrow. There will be three sessions, one at 9:30 a. m., one at 2:30 p. m., and one at 7:30 p. m.

The feature of the convention will be an illustrated lecture by Prof. J. C. Elson, of the university of Wisconsin, who will give stereopticon illustrations accompanying an illuminating discussion of Yellowstone Park.

F. Cranefield of Madison, secretary of the association, arrived this morning accompanied by D. E. Bingham, the well known Sturgeon Bay horticulturist, and they announced an expected attendance of at least fifty fruit growers from over the state.

An interesting feature of the convention will be a display of Wisconsin grown fruit, which is said to show astonishing variety and merit.

The Horticultural society wishes to extend through The Tribune a cordial invitation to the citizens of La Crosse and of the surrounding territory to be present at the convention, which is not a close business meeting, but an educational event of general interest.

The subject for the convention will be "The Farm Home" and the program is as follows:

The Program
The Orchard: Location, varieties, number of trees of each culture. Apples—Dr. T. E. Loope. Pears—Geo. J. Kellogg. Cherries and plums—D. E. Bingham.

Small fruits: Kind, number of plants of each required for family use, varieties, culture. Raspberries, blackberries, currants and gooseberries—Irving Smith. Strawberries—C. L. Pearson. Grapes—G. W. Reigle.

General Topics: Cultivation of farm orchards and fruit plantations—J. C. Moore.

Spraying the farm orchard—J. C. Milward.

The vegetable garden: One Side of the Question—J. L. Herbst.

The Other Side—J. W. Ingham, Sugar Run, Pa.

The Farm Beautiful: Trees, shrubs and vines—Lake Geneva delegate.

Perennials and annuals for the farm home—Lake Geneva delegate.

Evening Session
"Society News"—The secretary, Dr. Elson and his lantern slides. Also some music.

The Outcasts signaled their return to home territory yesterday by annexing the first game of the series from Schoonhoven's Boosters by the score of 4 to 1. It was the best exhibition of baseball seen on the local grounds this season with the exception of the last inning. Schardt was on the mound for the locals and pitched a gem, shut out the opposition, allowing the visitors but one stingy hit up to the ninth round of the battle, when he let up and gave them three more, one of them a bagger, which resulted in a score, the only one that the Outcasts registered in the game. Eis as on the slab for the visitors and pitched good ball, allowing the Outcasts but three scattered hits. The first run was made directly due to a passed ball by Nieman who evidently called for a low ball from Eis, who delivered a high one which "Chink" failed to get. The other three runs came in the eighth inning as the result of a base on balls and two attempted sacrifice bunts which the Eau Claire team failed to field, playing the ball in a bonehead manner.

The crowd was a rather poor welcome for the team, about seventy-five of the fans being present. Excellent support by the Outcasts, especially by Safford in the garden, cut off several hits which looked good for extra bags in the fourth and sixth rounds. Incidentally the victory put the Outcasts back in third place again, the Boosters being pushed down to fourth.

Gregory was seen for the first time here since his return to the game, and succeeded in getting one run. He is playing at second, and Schirner is occupying the shortstop position.

The first scoring came in the third inning, which Roy Klein opened by slamming the pill to center for a safe hit. Letcher sacrificed him to second, while Safford was being thrown out at first by Klein. Klein went to third. Then came the mistake by Nieman or Eis, which gave La Crosse the run. The visiting batter elevated the sphere and Nieman failed to get his mitt on it, letting Klein cross the pan with a score.

Eddie Kline opened the eighth for the Outcasts by getting the first and only base on balls that was passed out during the contest. Gregory bunted and Eis threw the ball to Schoonhoven who was covering first, and in the general mix up the Eau Claire manager failed to connect with the ball and Kline went to

third. Dexter fielded the ball to second to catch Gregory and Kline sprinted across the pan with a run, while the Outcast second baseman was safe at the midway station. Schirner laid down a bunt and the performance was repeated. Kading failing to get the throw and Gregory going home with a score. Schardt sacrificed him to third and Malloy handed out a high sacrifice fly to Dexter which scored Schirner. Klein was out, Breyette to Kading. Umpire Stauffer then announced, "Benrud batting for Nieman," and the Booster catcher walloped the horse hide for the first two bagger of the game. Kick followed with a safe hit to center and Breyette landed on the pill, driving a fast one just out of reach of Gregory, which scored Benrud. Kick tried to get to third but was thrown out Kline to Doll. Kading fled out to Malloy and Bailey was out, Doll to Letcher.

OLMSTEAD FAILS TO JOIN WHITE SOX

CHICAGO, Aug. 24.—Pitcher Fred Olmstead of the Minneapolis club failed to join the Chicago White Sox yesterday and today it is said it is hardly possible the Millers' twirler will join the Comiskey troupe until the close of the American association season, September 28.

The quick delivery of Olmstead is said to have been blocked by Manager Cantillon of the Millers. According to Comiskey's version of the deal the pitcher was to report yesterday but when Cantillon heard of this he communicated with President B. B. Johnson of the American league who wired President Herrmann of the national commission asking for a decision.

Olmstead has been a tower of strength to the Millers and baseball men say Cantillon would never have arranged for the immediate disposal of the twirler had he expected to turn him over to another club during the American association race.

The Detroit Americans made it four straight with Washington, hitting each of the three pitchers who were sent in to stop them. Crawford

was the star of the game, getting four hits, including two doubles, all made with men on bases. Unglaub's hitting was also noteworthy. Washington hit Willett hard, but fine fielding, together with the batting of the Tigers decided the result.

Philadelphia made it four straight, beating Cleveland 12 to 6. Cleveland's pitchers showed poor form. Manager McGuire took charge today captain.

Boston made a clean sweep of the series by taking yesterday's game, 3 to 2. Bailey did well until the seventh, when Speaker, McConnell, Carrigan and Donohue bunched hits. Cicotte started out poorly, but settled down and St. Louis failed to score after the second inning.

Chicago defeated New York 5 to 1 in a monotonous game.

The Chicago Americans yesterday played its last game here for this season and won, 11 to 6. It was a poor exhibition, the only feature being the pitching of Curtis, recently secured from Milwaukee.

In a pitchers' battle here between Leiffield and Moore, Pittsburgh defeated Philadelphia 2 to 0. Wagner scored the first run after getting a bas on balls, on his steal of second base and Wilson's single, while the other was a home run drive by Leach, inside the grounds.

Brooklyn and St. Louis divided a double header. Bell pitched brilliantly in the first, while the Dodgers batted both Raleigh and Melter freely and run bases at will, owing to Phelps endeavoring to catch with a sore hand. The visitors found Pastorius easy picking in the second, while Beebe was invincible. Bergen kept down the runs by throwing out seven men on attempted steals. Burck's all round work was another feature.

The Giants bumped three pitchers harder than Cincinnati did a like number and won 12 to 9. Nine hits and seven runs was what the Giants got in the fourth, when they were three runs to the bad. After the Reds piled up three in the fifth the Giants got another on a single, a walk, a double steal and a flound. O'Hara was hit in the seventh, stole second, got third when Dubuc muffed the throw to Catch Devlin and scored on Egan's bad heave of Bridwell's grounder. Devlin got to third on it and came in on Roth's poor throw. Both pounded out one each in the eighth, while Cincinnati got two more in the last.

"BILLY" CONSIDINE GETS BAD BEATING

DETROIT, Aug. 24.—"Billy" M. Considine, former saloon proprietor and one of the famous family of Considine brothers who own the Hotel Metropole in New York, was found early today badly beaten. He had a broken nose and a broken paw. Considine indignantly refused to tell anything of the scrap. The motive was not thought robbery as "Billy" still had his sparkler. The police called a taxicab and let Considine go unassisted to a hospital.

FIXING THE RECORD
The commission appointed by the
New York legislature, ostensibly to
investigate on the merits the value
of the primary election policy, but
really to give the primary principle
a black eye, is making good its re-
cord. With reprehensible method it
has been getting for its report the
sentiments of the men in this state
who, as friends of the monopolists,
have been from the first fighting
against the primary election law.
Senator Whitehead, arch foe of the
primary law and ablest antagonist of
the railroad legislation; Emanuel
Phillip, representative of the Pfister
interests and bell wether of the an-
ti-La Follette herd; Ex-Governor Sco-
field, stalwart politician and foe of
all that tends to real representative
government; Dr. J. M. Bessel and
others of that breed—from such as
these has the New York commission
sought evidence as to the desirability
of a primary election law.
Governor Hughes, we believe, is as
keen and able an executive as can
be found in a gubernatorial chair in
the United States. The assumption
of the hostile commission that its re-
port will be permitted by him to fool
anybody is the rankest folly. As us-
ual, the ostrich is readily discernible,
despite its buried head. If Gov.
ernor Hughes is determined upon a
primary law for New York, a pri-
mary law New York will have. In
the interest of clean government in
the empire state, the hands of its
executive should be upheld.
SAVE WATER POWERS.
Mr. Ballinger's explanations
which do not explain will not serve
to mislead the public or justify his
repudiation of the conservation pol-
icy of Col. Roosevelt. The riches of
the public domain are not longer to
be traded in by shifty public offi-
cials. Public sentiment sustains
Forester Pinchot, and condemns
Ballinger, and public feeling, more
and more, controls government in
this country.
"Save the water power for the
people," says the St. Paul Dispatch.
"That is the main point, the vital
duty of the government. While the
controversy over methods and

means rages, let us not forget that
Messrs. Pinchot and Newell want to
save the use of these water powers
to the people. We are not so sure
that Secretary Ballinger has the
same sincere purpose. Apparently,
he is more insistent that these pow-
ers should be developed immediately,
than that the rights of the public
in them should be protected. Govern-
ment cannot at this time attend to
their development itself, because
government is busy with other great
projects and has not the money to
devote to them now. Therefore, Mr.
Ballinger holds, let private capital
come in and do the work—and, in-
cidentally, reap the profit.
"We believe it is far more impor-
tant that the people's rights in these
powers be guarded and preserved,
than that they be developed hastily.
Consider that there are only a lim-
ited number of these powers avail-
able along the streams that flow
through federal lands. Consider
that each power is practically eternal
in its product. As long as water
shall flow, so long will these rapids
and cataracts yield energy for man's
use. Why, then, should we make
such haste as Secretary Ballinger fa-
vors to turn these powers over in per-
petuity to private interests? Why
should we trust to the slow and un-
certain remedy for misuse and ex-
tortion in the sale of power and of
irrigating water proposed by Mr.
Ballinger—the securing from the
various states of uniform legisla-
tion in the matter of the appropri-
ation of water and its beneficial use,
and also legislation looking to the
control and conservation of all
available water power?
"Mr. Ballinger proposes that we
turn over these powers to private ex-
ploitation, and then set about the
almost impossible task of getting
uniform state legislation to control
the monopolies thus created. Was
there ever a more absurd program?
The federal government now has
the power—where it has not been
precipitately signed away by Mr.
Ballinger—to preserve its control
and regulation of all such grants.
It will not be difficult to work out
a scheme whereby water powers may
be improved by private enterprise,
and whereby at the same time the
term of the grant is limited, and the
regulation of rates is accomplished.
"Meanwhile, there will be no
great hardship involved in letting
the waters run their way unin-
dered. They have so run for un-
counted centuries. Surely we can
wait a few years longer, until con-
gress provides the proper machinery
for developing them."
So much for the national phase of
the question, but it is not more a
live issue in the federal field than
it is right here in Wisconsin, where
Waterway Commissioner Reid has
seen the tenure of his office cur-
tailed by the Stephenson machine be-
cause he fought for conservation of
state waterways. This is bound to
be a live issue in the next state cam-
paign, and Senator Thomas Morris
will be found on the side of Roose-
velt and Pinchot. We presume,
therefore, that the people will be on
the side of Senator Morris.
TRUTH ABOUT CANNON
Congressman Fowler has invaded
the enemy's country, and burned his
bridges behind him. He has assailed
Speaker Cannon in a Phillipine
vigor and directness of which has
seldom been equalled in the public
utterances of a national statesman.
He has brought home to the czar
of the house the burden of the latter's
vicious disregard of the general pub-
lic in his zeal for the interests which
he serves. He has tagged the tool
of monopolists with the blame for party
pledge repudiation and has charged
him with responsibility for the panic
of 1907.
There is little in Mr. Fowler's
brief against Cannon that will be ex-
cepted to by the public. The records
of congress show that the speaker
acted, not as a representative of the
people, but as a tool of selfish pri-
vate enterprise, that he engaged op-
erely in the defeat of downward re-
vision, that he exerted his most pow-
erful efforts and used the agency of
public office to thwart the popular
mandate and carry out the behests of
monopolistic greed.
Mr. Cannon will have his answer,
and it will be a glittering generality
founded in deceit and aimed at eva-
sion. But it will avail him nothing.
The republican party has been warn-
ed. It must give up its Cannon or in-
vite defeat. Domineering rascality
shall no longer direct the law mak-
ing power of this government in the
interest of trusts and against the
common good.

SPOTLIGHTS
At the Bijou
Two large houses greeted the op-
ening bill of the week at the Bijou
last night and thoroughly enjoyed
the excellent program. In some re-
spect the offerings are the most pre-
tentious presented Bijou audiences.
This is especially the case with Will
Rossiter's "A Bunch of Kids" set
numbering nine people. This act
is really a musical comedy boiled
down to 20-minute. There is a well
defined plot running through the
playlet. It is the 4th of July and
Uncle Hiram, an old G. A. R. soldier,
with his adopted son, Izzy, give a pic-
nic to the latter's little friends on the
farm. The youngsters play games,
sing and romp, there is a picnic din-
ner and patriotic speeches and at
last the children return home at
night leaving the old man sitting in
his arm chair to muse of the past in
the gathering twilight. A beautiful
backdrop showing the ripe golden
grain and outshouses of the farm
makes a fine background for the
stage setting. The act is brimming
over with new songs and the piece is
full of action from start to finish.
The "kids" were an immense success.
Herbert Brooks is the master of
them all in the art of manipulating
cards and he has legerdemain re-
duced to an exact science. The flexi-
bility of his hand and the dexterity
with which he handles the pastboards
is only short of marvelous. It does
not matter what card you may call
for or any number of them, two,
three and four of a kind and flushes
he produces them for you from al-
most anywhere on his person. Mirth
is created by some one asking for
impossible spots, the twelve of clubs
for instance, and to the dismay of
the querist, is produced. The second
part of Mr. Brooks's offering is the
European trunk mystery. Miss Vie
Walker, his pretty assistant, is the
only woman accomplishing this trick
on the stage today. It requires quite
a lot of nerve to do so, the cramped
position in which she has to place
herself in order to get in the com-
parative small box and the want of
ventilation is somewhat strenuous.
However Miss Vie does not seem to
mind. Brooks injects a deal of hu-
mor in his work which keep the
audience buoyant all the time. He
was a great hit.
Tom Mahoney has the most unique
monologue in the business. Mr. Ma-
honey gets away from the well beat-
er path and seizes upon a real liv-
ing proposition for his subject. He
appears as the presiding officer of
the Hod Carriers' Union and in or-
der to emphasize his rulings he car-
ries a mallet in one hand and a brick
in the other. Although Mahoney
was able to keep his imaginary meet-
ing in order he was unable to keep
his audience in order, as they were
kept in roars of laughter by his sal-
lies and funny decisions. Mr. Ma-
honey possesses a fine voice and sings
his Irish song with that touch of
feeling and flavor of the brogue that
only an Irishman can. He scored
heavily.
Miss Lorraine Mitchell had to re-
spond to many more encores. Her sing-
ing of "I Love, I Love My Wife, But
Oh You Kid," making her a prime
favorite.

EARL OF GRANARD
LONDON, Aug. 24.—According to
reports, the Earl of Granard is to be
appointed viceroy of Ireland to suc-
ceed the Earl of Aberdeen. The lat-
ter, it is said, intends resigning ow-
ing to dissatisfaction over his admin-
istration which has pleased neither
Ireland nor the liberal party in Eng-
land. It is known that there has been
friction between Lord Aberdeen and
the king on different occasions, origi-
nally arising out of the scandal con-
cerning the theft of the jewels of the
Order of St. Patrick from Dublin
Castle. On the other hand, Countess
Aberdeen has made herself beloved
by all classes.
In the event of Lord Granard suc-
ceeding the viceroyship, the Earl of
Craven would endeavor to get the ap-
pointment as master of the king's
horse.
The Earl of Granard recently mar-
ried Miss Beatrice Mills of New York.

Did as He Was Told.
Some years ago the Yankee
schooner Sally Ann, under command
of Capt. Spooner, was beating up the
Connecticut river. Mr. Comstock,
the mate, was at his station forward.
According to his notion of things
the schooner was getting a "leete"
too near certain mud flats which lay
along the harbor shore, so aft he
went to the captain, and with his
hat cocked on one side, said:
"Cap'n Spooner, you're getting a
leete too close to them flats. Hadn't
ye better go about?"
The captain glared at him.
"Mr. Comstock, jest you go for-
ward and tend to your part of the
skuner. I'll tend to mine."
Mr. Comstock went forward in high
dudgeon.
"Boys," he bellowed out, "see that
ar mud hook's all clear for lettin'
go!"
"Ay, ay, sir!"
"Let go, then!" he roared.
Down went the anchor, out rattled
the chains, and like a flash the Sally
Ann came luffing into the wind, and
then brought up all standing. Mr.
Comstock walked aft and touched his
hat.
"Well, cap'n, my part of the
skuner is to anchor."—Bluejacket.
It Is Strange.

who had been thinking real hard,
looked up and said, "Mamma, you

ain't it funny how we all got to-
gether?"—The Delinquent.
Where Twin Babies Are Not Desired.
In addition to their other amiable
traits the Nigerians have been par-
ticularly addicted to twin sacrifice.
When twins were born the village
people placed the little mites in a jar
and hid them in a bush or fetich
grove, where they would, of course,
perish. While this practice has
largely disappeared, even today it is
not unknown for one of these "twin
jars" to be found.—Wide World Mag-
azine.

fect brute."

An Arbitrary Classification
"So you think every patriot has a
more or less clearly defined ambition
to hold public office?"
"Yes," answered Senator Sorghum.
"As a rule, patriots may be divided

**Uncle Sam Says Don't Eat
Bleached Flour Bread**
The U. S. Government, through its Expert Pure Food Department,
has made a ruling that all flour bleached is in direct violation of the
National Pure Food Laws, and it has served a general notice that all
flour now made after a bleaching process must conform to the Pure
Food Requirements (be unbleached) or it will not be permitted sold.
The bleaching process is done with peroxide of nitrogen. Thus a low
grade and inferior wheat can be used and the difference is not discernible
to the ordinary customer. This practice cannot be construed otherwise
than to deceive the public into buying an inferior baking flour.
MARVEL Flour is made, and always has been made, from the highest
grade hard wheat, the most perfect grown. It is not bleached, or ever
has been, and our mill does not have to alter its method of flour pro-
duction to comply with the law. Why bake your bread from a flour
which the Government says is made in violation of its Pure Food Laws?
Why not secure a pure and perfect flour, made from a high-grade wheat, milled after the most sani-
tary and health-giving mode of natural milling?
If you make your own bread, cake and pastry, demand of your grocer MARVEL Flour. If he cannot
supply you send us his name and we'll see that he does. If you use baker's bread, ask for bread made
from MARVEL Flour. It costs no more and is absolutely pure—of this you may be certain.
Listman Mill Company, La Crosse, Wisconsin
Our record for the purity of our MARVEL Flour is one to be proud of. We stand
alone today as the only large mill in the U. S. that has never made a bleached flour.

would have to leave us, and I had
become greatly attached to her.
From the day Mr. Jamieson came
to Sunnyside, there was a subtle
change in Gertrude's manner to me.
It was elusive, difficult to analyze,
but it was there. She was no longer
frank with me, although I think
her affection never wavered. At the
time I laid the change to the fact
that I had forbidden all communica-
tion with John Bailey, and had re-
fused to acknowledge any engage-
ment between the two. Gertrude
spent much of her time wandering
through the grounds, or taking long
cross-country walks. Halsey played
golf at the Country Club day after
day, and after Louise left, as she
did the following week, Mr. Jamieson
and I were much together. He
played a fair game of cribbage, but
he cheated at solitaire.
The night the detective arrived,
Saturday, I had a talk with him. I
told him of the experience Louise
Armstrong had had the night before
on the circular staircase, and about
the man who had so frightened Rosie
on the drive. I saw that he thought
the information was important, and
to my suggestion that we put an ad-
ditional lock on the east wing door
he opposed a strong negative.
"I think it probable," he said,
"that our visitor will be back again,
and the thing to do is to leave things
exactly as they are, to avoid rousing
suspicion. Then I can watch for at
least a part of each night, and prob-
ably Mr. Innes will help us. I
would say as little to Thomas as pos-
sible. The old man knows more than
he is willing to admit."
I suggested that Alex, the garden-
er, would probably be willing to
help, and Mr. Jamieson undertook to
make the arrangement. For one
night, however, Mr. Jamieson pre-
ferred to watch alone. Apparently
nothing occurred. To detective sat
in absolute darkness on the lower
step of the stairs, dozing, he said af-
terwards, now and then. Nothing
could pass him in either direction,
and the door in the morning remain-
ed as securely fastened as it had been
the night before. And yet one of
the most inexplicable occurrences of
the whole affair took place that very
night.
Liddy came to my room on Sunday
morning with a face as long as the
moral law. She laid out my things
as usual, but I missed her custom-
ary garrulousness. I was not re-
galed with the new cook's extrava-
gance as to eggs, and she even for-
bore to mention "that Jamieson,"
on whose arrival she had looked
with silent disfavor.
"What's the matter, Liddy?" I
asked at last. "Didn't you sleep last
night?"
"No, ma'am," she said stiffly.
"Did you have two cups of coffee
at your dinner?" I inquired.
"No, ma'am," indignantly.
I sat up and almost upset my hot
water—I always take a cup of hot
water with a pinch of salt, before I
get up. It tones the stomach.
"Liddy Allen," I said, "stop comb-
ing that switch and tell me what is
wrong with you."
Liddy heaved a sigh.
"Girl and woman," she said, "I've
been with you twenty-five years,
Miss Rachel, through good temper
and bad—the idea! and what I
have taken from her in the way of
sulks!"—"but I guess I can't stand it
any longer. My trunk's packed."
"Who packed it?" I asked, expect-
ing from her to find it done by some
ghostly hand.
"I did," Miss Rachel, you won't
believe me when I tell you this house
is haunted. Who was it fell down
the clothes chute? Who was it scar-
ed Miss Louise almost into her
grave."
"I'm doing my best to find out," I
said. "What in the world are you
driving at?" She drew a long breath.
"There is a hole in the trunk-
room wall, dug out since last night.
It's big enough to put your head in,
and the plaster's all over the place."
"Nonsense!" I said. "Plaster is
always falling."
But Liddy clenched that.
"Just ask Alex," she said. "When
he put the new cook's trunk there
last night the wall was as smooth
as this. This morning it's dug out,
and there's plaster on the cook's
trunk. Miss Rachel, you can get a
dozen detectives and put one on ev-
ery stair in the house, and you'll nev-
er catch anything. There's some-
thing you can't hound out."
Liddy was right. As soon as I
could, I went up to the trunk-room,
which was directly over my bedroom.
The plan of the upper story of the

house was like that of the second
floor, in the main. One end, how-
ever, over the east wing, had been
left only roughly finished, the in-
tention having been to convert it
into a ball-room at some future time.
The maids' rooms, trunk-room, and
various store-rooms, including a large
air linen-room, opened from a long
corridor, like that on the second
floor. And in the trunk-room, as
Liddy had said, was a fresh break
in the plaster.
Not only in the plaster, but through
the lathing, the aperture extended. I
reached into the opening, and three
feet away, perhaps, I could touch
the bricks of the partition wall. For
some reason, the architect, in build-
ing the house, had left a space there
that struck me, even in the surprise
of the discovery, as an excellent
place for a conflagration to gain
headway.
"You are sure the hole was not
here yesterday?" I asked Liddy,
whose expression was a mixture of
satisfaction and alarm. In answer
she pointed to the new cook's trunk
—that necessary adjunct of the mi-
gratory domestic. The top was cov-
ered with fine white pieces of mor-
tar lying around—no bits of lath-
ing. When I mentioned this to Liddy
she merely raised her eyebrows.
Being quite confident that the gap
was of unholy origin, she did not
concern herself with such trifles as
a bit of mortar and lath. No doubt
they were even then heaped neatly
on a gravestone in the Casanova
churchyard!

FALLING HAIR STOPPED
**Baldness Cured by Destroying the
Parasitic Germ That Causes It.**
Baldness follows falling hair, fall-
ing hair follows dandruff; and dan-
druff is the result of a germ digging
its way into the scalp to the root of
the hair where it saps the vitality of
the hair. To destroy that germ is to
prevent as well as cure dandruff,
falling hair, and, lastly, baldness.
There is only one preparation known
to do that, Newbro's Herpicide, an
entirely new, scientific discovery.
Wherever it has been tried it has
proven wonderfully successful. It
can't be otherwise, because it utterly
destroys the dandruff germ. "You
destroy the cause, you remove the
effect." Sold by leading druggists.

Mrs. Lottie M. Stafford Expires While Visiting Seattle Exposition

Mrs. A. W. Fuller, 1220 Avon street, received yesterday of the death of her niece, Mrs. Lottie M. Stafford, aged 24 years, at Bellingham, Wash., her demise resulting from consumption.

She was formerly a La Crosse girl, residing here until September, 1907, when she left for the west. She was married July 5 at Vancouver, B. C., and went with her husband to the exposition at Seattle. While there she was taken sick and died a few weeks afterward.

The news of her death came as a shock to friends here, as her condition was not known to be serious. The funeral will be held at Bellingham tomorrow.

CAR SERVICE OVER CROSSING RESUMED

The work on the Mill street sewer in the vicinity of the railroad crossing was finished yesterday afternoon and the first car crossed the tracks of the Milwaukee road at 3 o'clock.

Street car service here has been broken for the past three weeks. It being necessary to change cars because of the work. The street car company took the opportunity to raise their tracks south of the crossing while the sewer work was in progress.

SERIOUS WARNING TO OUR PARENTS

Most of the eye troubles of infants arise from ignorantly or carelessly exposing their sensitive eyes to glaring light or to impure air.

During growth that period of rapid development, children's eyes are too often subjected to undue strain, and they are allowed, often even encouraged, to persist in close work such as reading, writing, drawing, sewing, the result of which may be to cause nearsightedness—myopia as we call it.

Some eyes are not normal, and consequently the sight is defective. In order to see there is a constant effort to bring the eye as near to normal as possible. This puts a great strain upon the muscles, for they are the only means of adjustment the eye has, and the harm they suffer is sometimes not to be overcome. Nor is this all. The normal eye creates conditions that react on the physical state, and so children in school may appear dull and inattentive, nervous and hysterical, all of which may be due to defective eyes, and which might under competent direction be remedied. Before sending your children to school have their eyes examined by H. C. Evenson, the eyesight specialist, over Hoeschler's drug store, Fifth and Main streets. Phone 60-R for an appointment.

CURED HAY FEVER AND SUMMER COLD

A. S. Nausbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." O. T. Erhart.

Board of Trade Committee Arranged Opening Meeting for the Fall Today

Congressman J. J. Esch and Superintendent Johnson of the La Crosse County Agricultural school will be the speakers at the opening 6 o'clock dinner of the board of trade at the Masonic temple on the evening of September 7th. This was arranged at a meeting of the committee this morning. The committee is composed of E. S. Hebbard, W. R. Montague, A. H. Schubert and Frank Roth.

It is desired to have all members who attend the banquet at the temple at 6 o'clock and the supper will be served at 6:30 o'clock sharp. Business will also be transacted in connection with the affair.

EAST CANNOT ACT ON WATER COMMITTEE

Fred L. Easton this morning informed Secretary J. L. Utermoehl of the board of trade he would be unable to serve upon the water committee appointed by the board, owing to the fact that he will go west Friday and expects to be gone for most of the fall. President Dingle will name a successor.

The combined water committees of the council, board of trade and Manufacturers and Jobbers' club will meet this evening to discuss the water situation.

LA CRESCENT SHOP STORY AN ANNUAL

Officials of the Milwaukee road say the story of the proposed removal of the La Crosse round house and shops to La Crescent is the annual "fake" story on this subject and that the company has no such intention, which is shown clearly by the expenditure of \$60,000 for relaying the yard tracks on the north side.

Officials say the statement that it was desired to move because of the number of saloons on the north side is unfair to the men, as the La Crosse railroaders are of the sober and industrious order and no trouble whatever is experienced through their patronage of the saloons.

NORTH SIDE MAN FINDS A \$250 PEARL

While clam fishing Sunday afternoon at the Yellow Banks, Mr. F. Briebach of the North side picked out a piece from inside a shell and on opening it found a dandy pearl about the size of a small pea. Mr. Briebach, a pearl buyer, bought it for \$250.

Mrs. Briebach and Mrs. Briebach made a capture of nine big catfish, averaging from 11 to 14 pounds apiece.

TEACHER MAKES SWIMMING RECORD

MADISON, Wis., Aug. 24.—Dr. L. J. Paetow of Milwaukee, U. W. '02, an instructor in history at the university, has smashed all swimming records on Lake Mendota. He left the university pier at 2:10 o'clock in the afternoon, arriving at Maple Bluff at 3:59 o'clock, turned around and came directly back without stopping for a rest, and reached the university pier at 6:40 o'clock. He was in the water four hours and thirty minutes and covered 5 2-5 miles. This breaks the previous record swim from Camp Indiana to university pier by 1 1-5 miles.

During the afternoon there was a brisk wind and the return trip was slow owing to the strong headwind which lashed the surface into whitecaps. Dr. Paetow was cheerful through the long trip and often talked and joked with his friend who followed him nearby in a boat. He made the trip with ease and finished feeling fine, considering the strain caused by such a long swim.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults.

TOMAH PAVING IS NEARING COMPLETION

TOMAH, Wis., Aug. 24.—(Special.)—The north side bricklaying has been entirely finished, and one block, the one near the depot, opened up for traffic. The rest of the seven blocks will be covered with sand and rolled down and then opened up. The center boulevards will probably not be gotten in readiness for seeding until next spring. Work began Monday on the bricklaying on South Superior avenue; the block facing the park is done. Everybody is anxious that the street already paved be rolled and opened up for traffic as soon as possible, as it makes considerable inconvenience to have it closed. It is of importance to farmers that one block has already been opened up, as it was impossible to enter the city from the north on Superior avenue before.

The City in Brief.
Mr. and Mrs. J. G. Graham give a dinner party this evening for Mr. and Mrs. H. A. Clark of Port Edwards, who are visiting them this week.

Miss Bessie Brace entertained a number of young ladies at her home on Saturday evening for Miss Jaunita Mosely of Michigan, but formerly of Tomah.

C. W. Wells of Pittsville visited with friends here Monday.

Miss Kathryn Johnson has returned after a month's vacation at Minneapolis.

Misses Ada and Della Birr have returned from their trip to Superior.

Mr. and Mrs. Leon Janin left on Monday for Biloxi, Miss., after visiting with their sister, Mrs. Ella Good year. They expect to stop at Milwaukee and Chicago on the way.

Miss Jennie Davis of Madison who has been visiting here with Mrs. Ella Goodyear, left for a brief visit in Warrens.

Mr. Will Howes, Jr., has returned to Minneapolis to resume his work there.

Mr. and Mrs. J. G. Graham, Miss Pearl Eaton, Miss Mina Morrison and Mr. Fred Watters spent Sunday at Port Edwards, the guests of Mr. and Mrs. H. A. Clark.

Mrs. Jos. Grossman has returned from her outing at Muskegon.

Mrs. Carl Pepper and son Henry have returned from Sparta where they have been for some time.

Mrs. Cole and daughter Edna of Milwaukee and Miss Myrtle Withers are visiting in the country at the Baumgartens.

The council met Tuesday and ordered a new arc light to be placed on Superior avenue at the intersection of Jackson street. This is about the only corner on Superior avenue that is not lighted.

Miss Sadie Kelly is visiting at her home here, while having a vacation from her work at the Gimbel store in Milwaukee.

Mr. Paul Austin and family have returned from their Minnesota trip.

W. E. Nuzum and family left on Thursday for Merrill, to visit his sister, Mrs. Wm. Milne and family for a few days.

Mrs. Geo. Sherwood and son of Duluth, Minn., have been visiting at the home of her cousin, L. N. Palmer.

H. J. Saecker and family left on Thursday for Maunton where they will make a short visit, going from there to Lake Mills, Wis., to visit at their old home. They expect to return to California in about a month.

Lloyd Johnson of August, spent a few days in this city recently.

Mrs. W. L. Baker and family left Sunday for Seattle, Wash., where they expect to make their future home. Mr. Baker is employed on the railroad there.

Mr. W. Earle, Miss Ruby Earle, Mr. and Mrs. L. Janin and Mrs. Murray of Black River Falls were callers in Sparta recently.

ST. MARGARET'S CLUB SOCIAL.

St. Margaret's club of St. James Catholic church of the North side, will give an ice cream social on the church lawn Thursday evening.

Mr. Ziegler is secretary at the Interlaken School, LaPorte, Ind. We recently received the following letter from him:

My Dear Mr. Toland:
I take great pleasure in acknowledging the benefit I derived from the course in business and stenography at the Wisconsin Business University, which through the kind special attention I received, I was enabled to complete in less than nine months. The knowledge and training one receives there is eminently practical, as I have found by experience, for occupying a secretarial post of considerable responsibility. I daily have cause to be thankful for the time spent at La Crosse.

Very gratefully yours,

SUMMER-DIARRHEA CURE FREE

There are few troubles about which the sufferer is given more bad advice than summer diarrhea, or "running off of the bowels." Your friends will probably tell you to take Jamaica ginger, a mixture of laudanum or some other stringent remedy. These are the very things you should not take. Summer diarrhea is caused by catching cold in the stomach or bowels or because of some ant food or water that you took. These were germ-laden, and the germs got into the bowels and irritated them. The thing to do is to take a reliable antiseptic laxative like DR. CALDWELL'S SYRUP PEPsin, which will promptly remove the germs and tone and strengthen the stomach and bowels and thus give them a new start. Young and old can use it with equal effect. Thousands of American families keep it constantly in the house for just such digestive troubles as summer complaint, indigestion, biliousness, constipation, sick headache, and especially for the digestive ailments of babies and children. No baby will refuse DR. CALDWELL'S SYRUP PEPsin as it is very pleasant to take, and, unlike salts and purgative waters, tablets and pills, it acts naturally and does not gripe. A bottle can be bought at any drug store for 50 cents or \$1.00, and one bottle is sufficient to keep an entire family in good health for a long time.

PITTSBURG BROIL NOT YET OVER

Two More Dead; Troops Parade Streets; Emma Goldman Reported Ready to Talk to Strikers

PITTSBURG, Pa., Aug. 24.—It is reported today Emma Goldman, the famous anarchist, was seen in Pittsburgh late yesterday.

It is said she was seen on the north side and inquired at different places regarding the location of the mass meeting of the Pressed Steel Car company strikers. The woman stated she wished to address the foreign workmen. She was directed to McKees Rocks, but at an early hour today did not appear there.

The same rigid rules enforced by the state constabulary yesterday is keeping the streets cleared are continued today as it is feared the arrival of additional troops will arouse the strikers and cause another outbreak. Close watch is also being kept for the woman supposed to be Emma Goldman.

Two more strikers died late yesterday as a result of wounds received in Sunday's rioting bringing the death list up to eight. More are expected to die today.

The constabulary patrolled the streets last night but there was no attempt at further violence. The box car jail now contains thirty-seven men. Charges of assault and battery and inciting riots will be placed against these men. It is not felt the trouble is near over, as the strikers are sullen and threatening, while oaths of vengeance were sworn over the dead bodies of their comrades yesterday.

Debs Announced to Speak. Troop B of the state constabulary arrived at the plant of the Pressed Steel Car company today and was immediately placed on duty.

With the coming of the additional troops trouble was expected but the troops already on the grounds have conditions under such control that the new troops were not molested. The strikers are now depending upon charity for food. The commissary wagons which deliver bread are stripped long before they have completed their rounds and the men are sullen while the women shake their fists in the direction of the car shops and denounce the officials.

Eugene V. Debs, socialist candidate for president, was announced as one of the speakers at Indian Mound today. More than 600 strike breakers left the company's plant yesterday and it is reported a trainload is waiting to take their places. More bitter feeling was expressed toward the strikers by the constabulary when it was learned that the body of Trooper Williams had been robbed of \$50 and a watch after he had been shot to death.

37 YEARS ENGINEER; KILLED IN COLLISION

WASHINGTON, Mo., Aug. 24.—After driving a locomotive for 37 years without a mishap, Michael J. Healy, Jay Gould's favorite engineer, met death in his first wreck, which occurred at Kent Sidling, eight miles west of here. His body was taken to St. Louis today.

A fast passenger train driven by Healy rounded a curve and side swiped a freight that was taking a siding. Healy jumped and was killed instantly.

CANNON HITS BACK AT FOWLER LETTER

Speaker Uses Same Kind of Warm Language; Calls Fowler "Joke" and His Letter a "Screed"

MACKINAC ISLAND, Mich., Aug. 24.—"Why in the hell should I notice Fowler?" asked Speaker Joseph G. Cannon when asked if he had anything to say in reply to the open letter of Representative Charles H. Fowler, of New Jersey, attacking him for his attitude on currency legislation and the tariff bill.

The speaker read every word of Fowler's letter, called it a "screed," and then said to the newspaper men: "Get your pencil and take this down."

"I have glanced at Representative Fowler's letter. To those who have the patience to read it, if any such there be, it will appear, when in the exercise of the duty thrown on me as speaker of the house of representatives, I failed to make him chairman of the committee on banking and currency, to his mind I became thoroughly selfish and generally a bad citizen and representative."

"Mr. Fowler and myself both are members of the national house of representatives and I am perfectly willing my action in not appointing him chairman of the committee on banking and currency shall be indorsed or condemned by our colleagues of the house of representatives. This is all I desire to say touching his letter."

"Will you speak specifically of any of the items in the Fowler arraignment?" he was asked. "Why in the hell should I answer him?" said the speaker. "He is a joke, all of congress knows he is a joke."

Regarding Fowler's charge the house tariff conferees were named through an arrangement between Cannon and Senator Aldrich, Speaker Cannon said:

"It is beneath my contempt or dignity to notice any statement made by Fowler that there was any sort of agreement by which the house conferees were named. It is below my notice."

It is reported here as soon as congress convenes again, Speaker Cannon will call some one to the chair and will unburden his mind of what he thinks of certain "insurgents" who have been attacking him.

MR. AND MRS SUNDAY HURT IN AUTO WRECK

LA PORTE, Ind., Aug. 24.—"Billy" Sunday, the evangelist, and his wife are confined to their room today as the result of an automobile accident yesterday when both were injured. Mrs. Sunday is in a serious condition, but her husband is only painfully injured.

500 LAWYERS MEET IN ANNUAL CONVENTION

DETROIT, Mich., Aug. 24.—Five hundred law men are here today for the opening session of the American Bar association. F. W. Lehman of St. Louis, president of the association, delivered the opening address, dealing with the changes in the statute laws since the organization's last meeting. This was followed by routine business.

Among those present are Secretary of War Dickinson; John W. Kern, democratic candidate for vice president at the last election, and Judge Fremont Wood of Idaho. Governor Willson of Kentucky will deliver the chief address tomorrow.

WHY SHE STOLE THE INCUBATOR BABY

Mrs. Barclay's Interesting Story; Public Contribute to Mother and Child Case in Court

KANSAS CITY, Mo., Aug. 24.—From Topeka, the home of Marian Roberta Bleakley, the incubator baby of the St. Louis world's fair, people are coming here today to be present tomorrow when the new legal fight for the possession of the child begins. Habeas corpus proceedings brought by attorney for Mrs. J. G. Barclay, who, with John Gentry, a private detective, is under arrest for having stolen the baby girl Saturday, will be argued tomorrow.

The baby herself is the most cheerful of all the principals in the case. She laughs and plays in her room at the jail, where by the court's order she is detained.

Mrs. Bleakley, the child's mother, spends as much time with the baby as the officers will permit. In Topeka, the funds started by her friends to help her fight for the possession of her child are rapidly growing. One bank there has opened an account called the Marian Bleakley account, and many persons have deposited money in the baby's name.

Mrs. Barclay Gives Reasons. For the first time Mrs. Barclay consented to discuss the kidnapping and her reasons for taking the baby from its mother.

"You wonder at my love for this baby," she began. "When I took Marian she was just a shadow of a baby. If you had seen her when she lay clenching her fists and gasping for breath in the incubator you would wonder she is alive today. Perhaps I can say without boasting that it was my care and love which finally made her sturdy and healthy as any youngster."

Mrs. Barclay patted the head of the little girl, who stood by her side, first time since she was placed in the matron's room.

"It's remarkable she is not afraid of me," she said. "I don't know all that Mrs. Bleakley has said to poison her mind against me, but what Marian said to me when I picked her up the other night tells me a great deal. She looked up at me and said, 'Are you Mrs. Barclay?'"

"Yes, darling," I answered. "Are you going to kill me now?" she asked.

"Why, no, baby," I said. "I would not kill you."

"But they told me you were going to kill me," she answered.

Tells of the Kidnaping. "I comforted her and then she warmed up to me. Five weeks ago I went to Topeka to see the child. I hadn't intended to take her to Missouri but what I found brought me to a decision. I discovered when she was let out from kindergarten for recess. I went to a corner near the school. I coaxed her to me. She was poorly dressed and I felt angry at the people who would keep her that way."

"Child-like she told me all about herself. She said Mrs. Bleakley had warned her against a Mrs. Barclay and said I would kill her. Of course she did not know who I was; then and there I made up my mind to take her away. Not to have the child I had raised almost from the moment of its birth was bad enough, but to feel that her mind was being

BALLINGER GIVES PATENT RIGHTS

(Continued from Page 1.)

the government could finish the collection of evidence and he wrote and wired to the law office of the forestry bureau urging the forestry people to do all in their power to hasten action. The forestry service had no jurisdiction because part of the coal claims lie in the Chugach forest reserve. Upon the presentation of Shaw, law officer of the forestry service, Secretary Wilson wrote to Secretary Ballinger, requesting a postponement and Shaw went at once to the interior department on these cases. He was refused access to the papers and this is said to be the first time in the history of the forestry service another government department denied it access to the public documents.

About this time Secretary Ballinger issued a statement intimating the chief forester, Pinchot, was trying to run the interior department but Ballinger's acting secretary announced the hearing had been postponed.

Lays Case Before President

Friday Glavis appeared at Beverly to lay his trouble before President Taft. Glavis' representations have been referred to Attorney General Wickersham a second time and are now in his hands. At the same time a statement was issued at Denver naming October 15 as the date for a hearing at Seattle of the so-called Alaska coal cases and on the same day Acting Commissioner of the General Land Office Schwartz gave out a statement from Washington showing the activity of the interior department prosecuting frauds and in withdrawing from entry public lands of a special value.

D. P. Reports Official Snubbing

WASHINGTON, D. C., Aug. 24.—That the United States forest service has bitterly opposed the policy of Secretary of the Interior Ballinger in pushing to settlement the so-called Alaska coal lands cases, involving lands worth nearly a billion dollars, developed here today when the United Press dispatch from Beverly that the president had turned the matter over to the attorney general for decision was shown Assistant Forester Overton W. Price.

While refusing to discuss any phase of the controversy except that in which the forest service was directly concerned Price made it plain that his branch of the government stood solidly back of I. B. Glavis, chief of the field division in which the lands are located, who was directly instrumental in securing a reopening of the matter through President Taft.

"The service has had the vigorous co-operation of Glavis," said Price. "We have from the first held that it is well for an organization like our own, entrusted with the handling of public property to have all the facts before action. Until we know all about these lands, the service will not recommend final action. An expert from the service has already been sent to Alaska with this idea in view. Over half of those coal claims are within the present limits of the Chugach national forest."

Price corroborated the statement in the Beverly dispatch that the forestry service had been refused access to the records of the Cunningham cases filed in the general land office.

"At my request, the acting officer of the service," said Price, "went to the land office to consult these records. He was refused access to them and reported that fact to me. Later, access was granted to certain records, but others, which involved correspondence of Mr. Glavis, were withheld."

poisoned against me was the final drop. I came here and made arrangements. You know the rest.

"All I wanted to do was to get to Missouri. I did not expect to escape with the child. I won't be any happier when I cross the river Jordan than I was when I crossed the toll bridge at Atchison. A man at the gate looked very closely at us. Throwing on full speed we flew across the bridge and into Missouri. I didn't care after that."

THROUGH FREIGHT RATES ARE ILLEGAL

CHICAGO, Aug. 24.—A hard blow to the powers of the Interstate commerce commission was struck by the United States circuit court today when it made permanent the injunction restraining the commission from enforcing its order to compel railroads to give a proportional through rate from the Atlantic seaboard to Missouri river points.

The decision was a distinct victory for western jobbers over their eastern rivals, railroad attorneys declared it assured western jobbing centers all privileges in their own territory.

An appeal will be taken to the supreme court of the United States at once and the final adjudication of the case is expected to have an important bearing on commerce.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S. S. S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S., the greatest of blood purifiers, expels all foreign matters and cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

WEST SALEM WANTS A FAIR EXCURSION

Delegation Here to Arrange a Special Train to the La Crosse County Fair Next Month

A delegation of fifteen West Salem business men are in La Crosse today calling upon the officers of the Merchants' Protective association, the Board of Trade, and Manufacturers' and Jobbers' club, seeking to arrange an excursion from La Crosse to the West Salem La Crosse county fair Sept. 15 or 16. The West Salem people feel that La Crosse should gladly take up the matter of sending a special train to West Salem on one of these days, and they will endeavor to interest one of the associations mentioned in taking charge of the project.

West Salem is to have the best fair this season that it has had in many years and it is believed the excursion will be arranged.

The delegation came to the city today in automobiles.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. O. T. Erhart.

TAGGART AND GAS COMPANY AT WAR

(Continued from Page 1.)

with the evident intention of using force if necessary. But when Taggart appeared stripped to his lisle thread and issued a "54-40 or fight" ultimatum, the hosts of the diggers retreated before the menacing advance of "Tim Tullin."

That was Monday, and all day Tuesday Taggart kept the vigil at his home, but none came to invade its sanctity. Today suit was filed in the form of a replevin action, and Mr. Taggart declares that he welcomes the opportunity to test the matter.

"It isn't the 38 cents I am fighting for," said Mr. Taggart today. "It is the right of a company to make unreasonable demands and, refusing to listen to reason, to say to the man who won't stand for them, 'Off goes your head!'"

"I wasn't treated like a citizen of La Crosse. A few years ago, when it had competition, this company's men were begging business and knocking to every demand made by their customers. Now they have no competition, they stand you up in the corner and if you kick they rub it in. They didn't want this suit, or I guess they wouldn't have waited two months to start it. I'll never lay down my bundle while there is a place left to appeal to. I want the supreme court to decide whether a gas user is a citizen or a dog."

Office Meter Taken. Later today the meter was removed from Mr. Taggart's office in the McMillan building, and the secretary says he'll have to again begin doing business with Standard Oil.

BURN NEGRO MURDERER

MONROE, La., Aug. 24.—Three persons were killed, 21 wounded, some fatally, by Alfred Thomas, a negro, who himself was afterward burned to death in a house where for hours he barricaded himself and stood off an angry mob of 1,000 persons.

NEW GAME LAWS OUT.

Game Warden George L. Kingsley is today busily mailing to applicants copies of the new fish and game laws of 1909, which he has just received in pamphlet form. About fifty licenses have already been taken out.

TO CROSS OCEAN IN AIRSHIP.

Across the Atlantic in an airship within the next year is not only a possibility but a probability. This is the opinion of experts after learning of the successful sailing of an airship recently in Europe. Now that the basic principle has been established rapid developments are expected which will result in perfecting these airships. The basic principle of health is a strong stomach and it's an established fact that no man "is stronger than his stomach." Therefore, the first and most important thing for the man or woman to do who suffers from a weak stomach is to get a bottle of Hostetter's Stomach Bitters and let it tone and strengthen this important organ as well as the Kidneys and the Bowels. It thus prevents Indigestion, Dyspepsia, Liver and Kidney Ills, Costiveness, Sick Headache, General Weakness and Malaria.

CONFUSION OF LIES VERDICT OF JUDGE

North Side Neighborhood Row in Court Today Offers Conflicting Testimony

Conflicting testimony which made it certain somebody was lying characterized a north side neighborhood row before Judge Cronin this morning when Anna Barchenfeld was arrested on complaint of Charles A. Leaser, switchman, 603 Avon street, for using foul language in the presence of a number of small children.

The defense denied the allegation, but the testimony seemed conclusive except in certain minor details where numerous lies were evident, so that the court inflicted a fine of \$5 and costs or ten days in jail.

TO STOP PRES. TAFT MEETING PRES. DIAZ

SAN ANTONIO, Texas, Aug. 24.—Mother Jones, pet of the Western Federation of Miners, in a public meeting here declared she would go to El Paso and prevent the meeting of President Taft and President Diaz in October. She says she does not want Taft to hob-nob with and visit a man with such a reputation as has Diaz.

Just what means she will take to prevent the meeting she did not state. She simply said: "Taft and Diaz will not meet. I will see to that."

RETURN FROM TRIP TO THE EXPOSITION

"After all," said Nels Thompson, as he worked busily at his store this morning, "little old La Crosse is good enough for me. The west is a great place and there are thousands of interesting things to see, but La Crosse is the place to live in."

Mr. Thompson and his wife returned this morning from the west after a month's absence. They left the first of the month, stopping off at Dickinson and other Dakota points to visit relatives. They stopped at Yellowstone park and then went to the Seattle fair and visited the coast towns. They then went to Vancouver, B. C., and returned via the Canadian Pacific.

FOREIGN MARKETS

New York Stocks.
NEW YORK, Aug. 24.—The stock market opened with the same nervous irregularity that was the feature early yesterday. A number of stocks were advanced while others were lower. As trading progressed, Union Pacific was the most active stock. Within a few minutes the price fell to 208 1/2 and was followed by nearly everything in which there was any activity. Reading, after gaining 1/2, declined a point, and Southern Pacific went to 133. Steel common and Amalgamated dropped 1/4.

11 a. m.—Trading all through the first hour was of a nervous character with the street awaiting Harriman's arrival for news of his condition before doing much trading. The prices ranged generally within limits of less than two points.

Government bonds unchanged; others firm.

Noon.—There was no change in market conditions after the first hour, trading being in a state of suspense because of the disposition to await the arrival of Harriman before making any further commitments. Reading and Wash held all their early gains around noon while other stocks reacting in the early trade, remained near their low levels.

The declaration of only the regular dividends in Southern Pacific and Union Pacific was followed by a sudden drive against these two stocks carrying the price of both down one point in a few minutes. Concessions were noticed in a few of the other active speculative stocks. Sales on these drives were small in volume and brought out no further supply.

REAL SCRAP FRIDAY
NEW YORK, Aug. 24.—A real "scrap" is expected Friday night at the Fairmont Athletic club, when Joe Jeanette and Sandy Ferguson meet in a ten round go. Jeanette lost once to Ferguson in Boston and he is anxious to win back his laurels. Jeanette claims he was robbed by the decision in the Boston fight and there is sufficient bad blood between the fighters to warrant the statement that the battle will be a hard fought contest.

AHAB CAN'T HAVE NABOTH'S FIELD
BEVERLY, Mass., Aug. 24.—There are some things that one cannot buy. Mr. Vanderbilt found it out when he tried to buy a acre farm from a negro at Baltimore, N. C. Rockefeller found it out when he tried to buy the little farm at the entrance of his estate in New York; H. C. Frick, who has the steel magnate, has found it out even stronger, when his offer of \$1,000,000 for the little old Loring farm was refused by the two sweet old ladies who declare they were born and reared there and intended to pass their declining years there. Frick has a \$2,000,000 estate near to that of President Taft. It is the "show place" of Beverly. In front of it is a \$100,000 fence through which no visitors pass. That fence is fashioned of bars of iron, squared, fifteen feet high, set inches apart, supported every fifteen feet by magnificent granite columns. Between the Frick villa and the waters of Salem Bay is a little farm of the Loring sisters. Frick cannot stroll from his villa to the sea front without trespassing on their land, nor the eloquence of his agents, nor the eloquence of his money will persuade the sisters to sell. "What do we want with a million dollars?" asked the old ladies. "It couldn't make us any happier." Frick wanted to lay a pipe through the Loring farm so he could have sea water for his bath. The old ladies refused him permission. He had to get the city to grant him permission to lay his pipes around the Loring farm and then down the streets. In turn he built a \$3,000 workshop in the city's industrial school.

TAKE NOTICE
All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. O. T. Erhart.

"WORK AND WIN" IS MOTTO FOR VICTORY

Delay on Your Part May Lose Valuable Prize of Your Heart's Desire; Chance to Win Thousands of Free Votes Before You Now; Go in While Special Offer Lasts.

The first letter in work is "W." That's also the first in Winner. The first letter in delay is a "D." And if you pause to reflect, defeat also begins with a "D."

Now you want to wear a "W." when The Tribune's great \$3,500 contest comes to a close on Sept. 11. The only way you can be sure of winning your "W" is to work with vim and vigor from now until the close of the contest. Don't procrastinate, for procrastination is not only the thief of time but it may also be the firmer from you of awards which can be won by a firm and steady campaign for votes.

There are prizes awaiting you which are the finest money can buy. Up to date you have striven for these with enthusiasm, but since the special offer which is good until Aug. 28, enthusiasm has become well-desired, and the fair contestants appreciate the liberality of the offer in a way which is highly satisfying.

Here is the special offer by which you may become a leader with very little effort:

For every five paid in advance yearly subscriptions to The Daily Tribune, either by mail or carrier, secured between Aug. 19 and 28, an extra ballot of 25,000 votes will be given to you.

For every five new six months' subscriptions to The Daily Tribune, secured between the same dates, and which are paid in advance, to be delivered by mail or carrier, 10,000 votes will be awarded.

Bear in mind that these votes are in addition to the regular ballots given for subscriptions and are for new subscriptions only.

A two-year subscription will count the same as two one year subscriptions. Two six month payments will be regarded as one yearly subscription.

Contestants will not be allowed to change the name of one member of a family to another in order to receive votes as new subscriptions. Also be sure to find out whether the persons you secure subscriptions from are taking The Tribune at the present time. If not, they will be considered as new subscribers.

For the benefit of contestants in North La Crosse, one of the contest managers will be stationed in The Tribune office at 712 Clinton street, and will be pleased to give contestants of that part of the city any information they may require.

Standings Published Daily.

The standings of the contestants will be changed from day to day as to the number of votes they receive. The ballot box will close each day at noon for the standings to be printed in the next day's paper. Votes appearing today represent standings of the candidates at noon yesterday.

CHARGE PURE FOOD

MEN WITH SWINDLE

DENVER, Col., Aug. 24.—Sensational charges that several state pure food commissioners, here as delegates to the national convention which opened today, are agents of big interests and are seeking to use their departments and the pure food law to create a trust in food products are in current circulation today.

MINNESOTA AND THE NORTHWEST

MINNEAPOLIS MAN BEATEN TO DEATH

MINNEAPOLIS, Minn., Aug. 24.—H. Phiefer of Minneapolis sought work at Wilmar and last night his body was found in the railway yards there, his head beaten in and his body covered with bruises, and his pockets turned inside out. A telegram from the Wilmar police to Chief of Police Frank T. Corriston said there is no doubt that the man was murdered by robbers.

RACED FROM CHURCH; TWO ARE KILLED

ST. CLOUD, Minn., Aug. 24.—As the result of a friendly horse race between Ferdinand Kieke and August Benoit, who live on farms near St. Augusta, three miles south of this city, Mrs. Kieke was instantly killed, her 10 year old daughter was probably fatally wounded, and Catherine Ruhman of St. Cloud will lose the sight of one eye. They were returning from church, and Kieke tried to pass Benoit. The road was narrow and steep at that point and as they were going at breakneck speed Kieke's buggy skidded off the road and hit a telephone pole. Mrs. Kieke was on that side of the rig.

TWO MORE VICTIMS OF AUTO MANIA

KANKAKEE, Ill., Aug. 24.—Mrs. George Granger, wife of a retired Kankakee merchant, and Miss Genevieve Rabig, 1619 Garfield boulevard, Chicago, were instantly killed and five other occupants of a touring car were seriously injured on Monday, when the machine was run down on the Hobbie avenue crossing of the Big Four in this city.

The injured: George Granger husband of dead woman; badly cut about face and body. Miss Amelle Fortin sister of Mrs. Granger; spine injured probably internal injuries. Miss Jeanette, Granger daughter of the dead woman; right leg and arm fractured; left leg injured. Paul Granger, young son of the dead woman; badly bruised. Ira Dole, chauffeur; badly injured. Jeanette Granger was between the bodies of her mother and Miss Rabig. She was rescued thirty minutes after the accident by jacking up the caboose.

CANADIAN ROADS CRIPPLED BY FIRE

NELSON, British Columbia, Aug. 24.—The forest fire situation in the Kootenay and Crow's Nest districts is as grave as ever, according to advices received from there. Many railroad bridges have been destroyed, seriously crippling railroad traffic.

GET VAN DERVERT FOR EMBEZZLEMENT

ST. PAUL, Minn., Aug. 24.—Deputy Sheriff Joe Blonick brought to St. Paul yesterday from Spirit Lake Charles H. Van Dervert, president of the Peffer Produce company, who is wanted here on the charge of embezzling \$980 of the company's funds.

WISCONSIN NEWS

MILWAUKEEANS VISIT MINNESOTA FAIR

MILWAUKEE, Wis., Aug. 24.—A party of well known Milwaukeeans, including the members of the Auditorium board, Secretary William George Bruce of the Merchants and Manufacturers' association and others, will leave Milwaukee on a special car Sunday evening, Sept. 5, for Minneapolis to visit the Minnesota state fair. They will spend Monday, Labor day, inspecting the fair and will return Tuesday morning, the trip being taken with a view to the organization of a statewide auxiliary board for the purpose of making the Wisconsin state fair bigger and broader than it now is.

WATER POWER MEN INSPECT MENOMINEE

MARINETTE, Wis., Aug. 24.—The water power committee of the state legislature, together with Mayor Spies of Menominee, Mayor Fisher of Marinette and Assemblyman E. W. LeRoy, returned Monday afternoon from an inspection of the water power plant of the Menominee and Marinette Light and Traction company at Grand Rapids, on the Michigan side of the river.

This power plant is the finest interstate water power plant to be inspected by the committee.

Woodbury's Combination Hair and Scalp Treatment costs no more than the ordinary kind—no more than those preparations produced by makers unknown to you. Yet Woodbury's is backed up by almost unlimited experience.

How foolish it is to use goods of unknown quality when it is so easy to get the best. When you use Woodbury's, not only are you sure you are getting the best preparations for the hair and scalp but you know you are entitled to write to the Woodbury specialists for advice. You know you can have the benefit of the vast experience at the Woodbury Institute.

Woodbury's Combination Hair and Scalp Treatment saves the hair. It restores its lustre and makes it beautiful and abundant. It eradicates dandruff; it strengthens the hair and increases its vitality; it destroys the deadly "plant microbe"—the great hair enemy. No disease of the hair or scalp can resist the curative effect of the complete Woodbury treatment.

Write The Woodbury Company, 47 West 34th Street, New York City, for booklet or get one from the agent in your town. Woodbury's Preparations are sold by druggists everywhere.
